On a play at any base it is the runner's obligation to avoid collision, if there is a collision between the offensive and defensive player at any base the runner is out. (Incidental contact that does not interfere with the outcome of the play is not considered flagrant and should not result in an out. **The umpire must use his best judgment**).
- 10.15** When the umpires or field directors have determined that lightning poses a threat to the players and spectators they will immediately call both managers to the scorekeeper's table. The Plate Umpire will announce the exact time play was suspended and remove players and parents from the field and within 5 minutes get everyone inside cars with windows rolled up. American League Only

Regular baseball rules will prevail in this division. **Balks are called as a warning until midway through the season and then enforced after a warning.** This division is for teams wanting to experience leading off, stealing, running on dropped 3rd strikes. Runner on 3rd may not score on a wild pitch or passed ball.

No bunting allowed.

No balks will be called.

To further encourage active play on the field, once a batter receives his 4th ball, his coach MUST go to the mound and pitch to him. His strike count is still in tact. If the batter has no strikes he then gets 3 pitches from his coach, 1 strike he gets 2 pitches from the coach, 2 strikes he gets only one pitch, so that he has the opportunity to swing the bat. This will also further stimulate the fielders to make more defensive plays

Umpires may let pitchers move up a few feet (to the edge of the pitchers mound) from the 46' rubber so that more strikes might be thrown. Coaches may request this as well. The objective here is to have the kids playing have a more positive experience.
